Program Details:

- ◆ The Specialist Agriculture Program is aimed at academically capable students with a keen interest in agriculture and the biological sciences. Enthusiastic and motivate students preferably with some experience in animal care and plant production, and or an interest in the environment and biological sciences are welcome to apply.
- ◆ Students must commit to undertake compulsory agriculture courses in Years 7, 8 9 and 10.
- ◆ Contact people - **Mr Derek Edmondson on 9495 7454 or Ms Dawn Buchanan on 9495 7450**
- ◆ Applications Close: **Friday 1st June 2018**
- ◆ This specialist program entitles students to enter a course with specialist teachers, small class sizes and extra curricula activities.

What to Provide with this Application Form:

- ◆ A **copy** of your most recent school report (ie. Semester 2 Year 5)
- ◆ One A4 **handwritten** statement explaining why you wish to join the Specialist Agriculture Program and why you are a suitable candidate. Include any relevant experience (eg. Agricultural, horticultural, animal handling) that you have had. A keen interest in the biological & environmental sciences is also relevant.
- ◆ A passport size photograph.
- ◆ **Copies** of references / certificates / awards that support your application.

If you are shortlisted for an interview you will be notified by mail

I understand that enrolment in the Specialist Agriculture Program involves a commitment to remain in the course in Years 7, 8, 9 and 10.
